

THE HEAVENLY HOST

HEAVEN'S GATES ARE OPEN

The Archangel
is Recruiting

Heaven is a selective adult kink, ritual and creative experience based in Kraków, built through explicit negotiation and mutual choice.

An experience of purification, authority, revelation and service, built as a space of free expression.

Heaven gathers the Seraphim and the Fallen Angels into its Hosts, so that each may become whole, and be accepted and revered for it, in a rite that is sacred and carnal at once.

The Heavenly Experience

Heaven is a place of experience, revelation and exaltation.

The Seraphim seek to surrender, to command, to be beheld and to serve. The Fallen Angels seek appetite, defiance, temptation and force. Heaven is a place to experience one's own nature in a way that brings revelation, ecstasy and exaltation.

Desires that stay locked away elsewhere are given place here.

Each passage is a rite. It has its own order, its own beginning and its own end.

Heaven is a safe space, built so that extreme experience can be practised safely. This is the goal of Heaven, to allow for experience going as far as one wants.

The Heavenly Experience is gated behind a current STD test. Certain experiences are open to participants with confirmed results from within one month of the event.

ONE PASSAGE

A single ritual, scene, purification, collaboration or encounter, complete in itself.

RETURNING

Occasional or recurring participation shaped through growing trust.

LASTING PLACE

A recurring place, defined function, responsibility, or deeper integration into the Host.

The Laws of Heaven

Heaven is governed by its own laws. Passing the Gates constitutes acceptance of them. The first prevails over all others.

I. RIGHT OF DEPARTURE

Departure is at the sole discretion of the participant, at any moment.

II. ELIGIBILITY

Participation is restricted to persons aged eighteen or older, sober, unimpaired and capable of consent.

III. RIGHT TO STOP

Any participant may halt any activity at once by giving the agreed signal.

IV. CONSENT

Consent is specific, informed, freely given and revocable at any moment. Each act requires its own consent.

V. PARTICIPATION

Joining an activity in progress requires the express agreement of every participant.

VI. NEGOTIATION

Practices, limits, signals, health, protection, risks and aftercare are agreed aloud before an activity begins.

VII. SAFETY

Each participant is responsible for their own safety. Consent rests in their own hands, given, withheld or withdrawn by them alone. Intensity, technique and equipment are matched to the experience of those conducting and the condition of those receiving.

VIII. NAMES

A name designates a position within Heaven. Every participant retains their rights, boundaries, privacy and the power to stop.

IX. RECORDING AND IMAGES

Recording, retention, sharing and publication are four separate permissions, each requiring express agreement.

X. AUTHORITY

The Archangel is the supreme authority. Entry, standing and removal are determined by him alone.

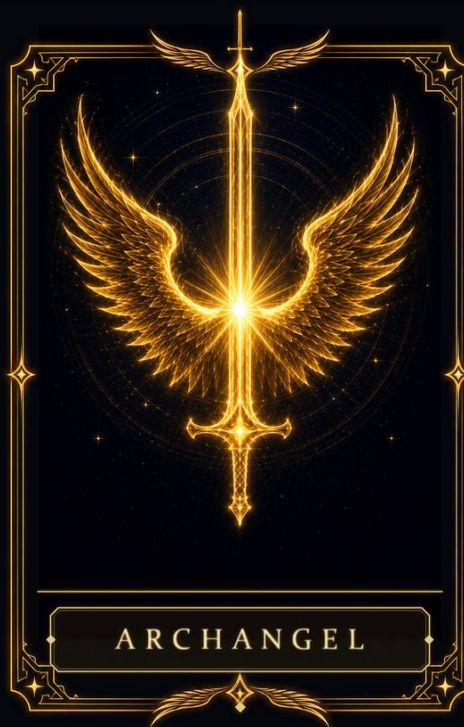

A private, consensual adult framework. Legal, medical and emergency guidance stands above it.

The Archangel

Above the four Hosts.

The Archangel is the guardian of Heaven and the central authority of the Heavenly Host. He holds the vision, defines the direction, protects the structure, and decides who may enter, return and deepen their place.

Guardianship is the work: he keeps the agreements, keeps the boundaries, and keeps Heaven working. He may step into and out of any place he wishes within Heaven, and he stands outside all four Hosts while belonging to each of them. Every passage begins with him.

The authority.

The vision.

The final word.

Your First Step

Heaven gathers the Seraphim and the Fallen Angels into its Hosts, so that each may become whole, and be accepted and revered for it, in a rite that is sacred and carnal at once.

The Gates are open to those who dare to enter them.
